**PARLIAMENTARY CRINGES! Presented by Rick Sydor, RP-R**

**6:00 PM**

What are the words, phrases, or actions during a meeting that makes your blood run cold and make you shudder or cringe?

**ROBERT'S RULES: WHAT IT IS (AND HOW TO USE IT)**

**Presented by our KEYNOTE SPEAKER, Daniel E. Seabold, PRP, Authorship Team of RONR**

**7:30 PM**

We'll offer three different answers to the question "What is *Robert's Rules*?", viewing the book from the perspective of its users, the Robert family, and those who have participated in writing it. Along the way, we'll discuss how you can use the book, and suggest a way you can make the next edition—to be published in 2030—even more useful than the current one.

# EDUCATION AND TRAINING

Saturday-May 6<sup>th</sup>

**PARLIAMENTARY PEEVES! Presented by Carl Nohr, PRP, NAP Treasurer and NAP Representative**

**10:45 AM**

We have all heard or seen many interesting phrases or procedures used at meetings that do not reflect correct parliamentary terminology and procedure. Many of these things are common assumptions or habits that trained parliamentarians wouldn't say or do (we hope!). Join us as we review phrases and procedures that are confusing, annoying or misleading that we don't want to hear, see or say at meetings, together with the correct parliamentary terminology and procedure that should be used.

**O HENRY! WHY DID YOU SAY THAT? Presented by Pat Koch, PRP-R**

**1:00 PM**

Have you ever wondered why Henry M. Robert used certain terms or included certain provisions for motions? I have, many times! In fact, I have had conversations with him! You smile, but I would bet you have had them too!

**YOU BE THE JUDGE! Presented by Donald Garrett, PRP**

**2:30 PM**

We will review a recent judicial opinion that was substantially based on Robert's Rules of Order. How well did the judge do? Let's put on our black robes and find out...

**INCIDENTAL MOTIONS Presented by Helen Popovich, PRP**

**4:00 PM**

The incidental motions do not have rank, but they can play an important role in meetings. Find out the ins and outs of using them effectively.
